Zoom Crafting – Stash Cards

Monday, May 17th, 7:30pm

Meeting ID: 615 0247 7550

Password: crafty

We're doing something different this Monday night!

Start with two pieces of 12 x 12" Designer Series Paper from the same pack, making sure you like the designs on BOTH sides of BOTH pieces 😊

Cut both pieces of DSP according to the template below ([click here for larger image](#)).

In addition, cut 11 cardbases that co-ordinate with your DSP.

Sort your pieces according to what card they are for, and label them (see photo)

Bring to our Zoom meeting:

- Your DSP pieces
- Your cardbases
- Your scissors, adhesive, bone folder
- Your trimmer
- 2-3 sheets of cardstock that co-ordinate with your DSP

We're going to create and assemble eleven cards and get them "stash-ready". This means we won't finish them with stamping sentiments, embellishing, etc.; rather, we'll get them ready to have in our stash, and then add the sentiments and other finishing touches when they are needed.
